

## The WSU Asotin County Master Gardeners Volunteers

- Volunteer their time to the Lewis-Clark Valley
- Washington State University Trained
- Provide sound horticulture information
- Address important issues in our community
- Educate the public about fertilizers and pesticides that can affect water quality
- Provide FREE plant clinics in their office each Wednesday from 10:00—2:00, May through September each year.
- Staff information booths around the local area
- Work with schools giving composting information to youth
- Teach a gardening class during the Extension Youth Activity Camp
- Provide resources, fact sheets and publications on landscape trees, shrubs, plant identification, pests and diseases, and weeds

WSU Extension programs and employment are available to all without discrimination. Evidence of noncompliance may be reported through your local WSU Extension office.

## WSU Asotin County Master Gardener Community Presentations

## Looking for a speaker for your special event?

WSU Asotin County Master Gardeners are available to speak to your group. They have a variety of topics for you to select from that will match your audience needs.

- Organization should contact the WSU Asotin County Extension Office to make arrangements to contact a speaker.
- Please allow speakers a minimum of a 1/2 hour for their presentation.
- Master Gardeners may not accept payment for speaking engagements. They may accept reimbursement for mileage and materials.
- Honorariums may be donated to the WSU Asotin County Master Gardener program and are always appreciated.

### Garden Insects

*Speaker: Ronda Welling*

Length: 45 minutes/ Power Point

Description: Identification of some common garden insects. Learn to tell which are beneficial for your yard and which are considered pests. Includes the basics of integrated pest management (IPM).

### Plant Names
