

MEMORANDUM

TO: Prospective Sheep Shearing Students

FROM: Sarah M. Smith 
Area Extension Educator—Animal Sciences

DATE: November 17, 2023

SUBJECT: 2024 Washington Shearing School.

I would like to take this opportunity to invite you to participate in the 2024 Washington State University Extension and Washington State Sheep Producers Sheep Shearing School, April 22-27, in Moses Lake. The Beginners Shearing School will take place April 22-26 and the Advanced Tune-Up School will be held on April 27. We look forward to having another great school. Again, we have a lot interest for the school. If you are planning on attending, **please send in your registration as soon as possible**. The school is offered on a first-paid, first-serve basis and will be limited to the first 16 paid beginner students and 10 paid advanced students. Individuals that did not get into the school last year or have contacted me to receive information are receiving this mailing prior to a general news release mailing and web posting that will go out the last week of December.

Please find enclosed information about the school, enrollment application, and scholarship guideline and application. The Washington Wool Growers Auxiliary offers two scholarships for students attending the Beginners Shearing School. If you have any further questions, please contact me at the numbers given below or by email at smithsm@wsu.edu or call 509.754.2011, Ext. 4363. Information on the shearing school is also available on the web at <http://animalag.wsu.edu> under "Upcoming Events" in late December. We look forward to seeing you in April.
