

Master Gardener Demonstration Gardens

These gardens are open to the public.

Animal Acres

- Located at the corner of 178th and Brookside Boulevard in Lake Forest Park
- Master Gardeners on site most Saturdays from 9 a.m. until noon.

Small garden with fruit, vegetables, and perennials. Produce is donated to POPY's Café in Shoreline.

Leader - Linda Holman, lholman@comcast.net, 206-362-5541

Bellevue Demonstration Garden

- Located on SE 16th Street between 148th Avenue SE and 156th Avenue SE, just west of 156th.
- Master Gardeners on site every Wednesday and Saturday from 9 a.m. until 1 p.m., April through October.
- Free workshops are open to the public and are held each Saturday from 10:30 a.m. until noon. Go to kingcountymg.org for a schedule

This urban demonstration garden has grown from a single P-Patch surrounded by blackberries on a steep, rock-filled slope to the flourishing garden it is today. The hands-on garden is an effective way for Master Gardeners to demonstrate gardening techniques to the community. In addition to being a complete MG Plant Clinic, the garden includes ornamental theme beds, a Northwest cactus garden, a children's garden, vegetable gardens demonstrating comparison and composting techniques, and much more.

Leader - Cathy Ullakko, cullakko@comcast.net, 425-868-1813

Cesar Chavez Demonstration Garden

- Located at El Centro de La Raza, 2524 16th Avenue S in Seattle.
- Master Gardeners on site Wednesdays and Saturdays from 10 a.m. until 1 pm. , April through September, and some evenings during the growing season.

This small garden serves as an outdoor classroom promoting research-based organic gardening information. In addition, the garden's programming provides information on nutrition and self-sufficiency, offers opportunities for service learning, and teaches environmental stewardship to the multi-ethnic population of Beacon Hill. The garden includes a children's garden, vegetable garden that incorporates enabling beds, composting demonstration, kitchen herb garden, native hedgerow, and a cactus garden.

Leader - Mick Duggan, dug_man@msn.com, 206-850-2415

Carkeek Park Demonstration Garden

- 950 NW Carkeek Park Road, Seattle 98177
- Check with the leader (see below) aboutork parties.

One of our newer gardens. This is a demonstration garden composed of a number of smaller demonstration gardens, such as an ethno-botany garden, a kitchen garden, and a shady woodland garden.

Leader - Drexie Malone, drexie.malone@comcast.net

Neely Homestead Historic Demonstration Garden

- Located at 5311 South 237th Place in Kent.
- Master Gardeners on site each Thursday and on third Saturdays from 10 a.m. until noon, April through October.
- Heritage gardening classes are held on fourth Saturdays at 10 a.m. Go to kingcountymg.org for a schedule.

The David F. Neely House is a historic landmark significant to the city of Kent. The restoration and preservation project serves as a vivid reminder of the pioneer way of life that existed during the late 1800s. The home was built in 1885, and all the plant material for this garden is historically appropriate. The design features a perennial bed, a rose bed, an area to grow herbs, grapes and hops, and an old-fashioned vegetable garden.

Leader - Sharon Englund, sharon.englund@comcast.net, 253-315-2198

Neely Mansion Historic Demonstration Garden

- A new garden - 12303 SE Auburn-Black Diamond Road, Auburn
- Work parties are each Tuesday and on second Saturdays from 10 a.m. until 2 p.m.

Leader - Carol Grimes, carol.r.grimes@comcast.net, 253-202-0007

Soos Creek Growing Groceries Demonstration Garden

- Soos Creek Botanical Garden, 29308 133rd Avenue SE, Auburn
- Knowledge of vegetable gardening required.
- Work party times are flexible. Check with the garden leader.

This is a vegetable garden that is part of the Soos Creek Botanical Garden. Master Gardeners maintain the garden and available as educators for the public.

Leader - Nancy Purcell, nancylpurcell@centurylink.net, 253-854-2883

Thyme Patch Park

- Located at 2853 NW 58th Street in Ballard.
- Self-guided tour information available on site.

Thyme Patch Park is a city-lot-size neighborhood park that features 15 P-Patch plots on the south half and a landscaped garden on the north half. Master Gardeners created the planting design for the landscaped portion of the park. The purpose of the design is to demonstrate how to prune and care for plants homeowners might have in their own gardens and to show some alternatives to plant choices for screens and hedges. Fragrance and winter interest plants are also featured.

Leader - Frank Peters, frankinballard@msn.com, 206-784-8403

Tribal Life Trail at Lake Wilderness Arboretum

- 22520 SE 248th Street, Maple Valley
- Informational signage identifies plants and their traditional uses.
- Master Gardeners are on site from 9:30 until 11:30 a.m. on the second and fourth Saturdays from April 11- October 24 (with the exception of May when they are on site on the third and fifth Saturday) and every third Thursday.

The Tribal Life Trail is a trail-style demonstration garden that focuses on plants used by native peoples of the Pacific Northwest. It is designed to provide an educational platform and understanding of the foods, medicines, and many other practical functions derived from these plants by native peoples. The trail is approximately 270 feet long and meanders in and out of the forest edge along the meadow in the arboretum.
