EXTENSION

Snohomish County

## Master Gardeners Speakers List

Updated 7/28/17

The below Washington State University Snohomish County Extension Master Gardeners have offered to speak to groups on the topics listed below as part of our public service to offer horticultural information to all.

MG Volunteer Speakers may ask for reimbursement of travel costs or supplies if the supplies are used in projects that the audience takes with them. However, it is inappropriate for Master Gardeners to negotiate or accept personal pay for speaking engagements while using the title of WSU Master Gardener. If it is customary for your organization to offer an honorarium to your speakers beyond reimbursing the speaker for travel costs and supplies used, then that honorarium should be made as a donation to: *The Snohomish County Master Gardener Foundation* and mailed to SCMGF, 600-128<sup>th</sup> St. SE, Everett, WA 98208. However, an honorarium is not expected.

When you find a topic that interests you, please call the speaker at the number listed and **please make sure you tell them you are calling them because you saw their name on the Master Gardener Speakers list**, and then ask them if they will be able to accommodate your request. We also strongly suggest that you confirm the details of the commitment in writing.

Because our program is supported in part by public funds, we must conform to state and federal non-discrimination policies. In particular, we do not discriminate on the basis of race, sex, religion, age, color, creed, national or ethnic origin; physical, mental or sensory disability; marital status, sexual orientation, and status as a Vietnam-era or disabled veteran. Therefore, you will be asked to sign a statement confirming that your organization has policies in place supporting such non-discrimination regarding accessibility to the programs that we provide for you.

Questions, comments, or concerns may be sent to Howard Voland, Master Gardener Coordinator, at:  
[howard.voland@wsu.edu](mailto:howard.voland@wsu.edu)
