HEAD

HEART

HANDS

HEALTH

# Classes: 12:15 to 1:10 p.m.

## Karate/Self-Defense

1st - 12th

Limit 14

Karate is an ancient form of self defense and control. Youth will learn effective and simple self-defense moves to develop a winning attitude.

Instructor: Scott & Jan Brashear from the Karate Center

## Who Loves Frosting?

5th - 12th

Limit 10

Cakes are good, but frosting is better! Learn the basic techniques behind frosting a cake, by using different tips, equipment, and types of frosting. Take a couple home to share. (Mini Cakes or Cupcakes will be used.)

Instructor: Lori Smith

## Pollinator or Terminator?

1st -12th

Limit 15

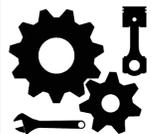

When most people see a bee they think danger, but bees are one of the coolest insects on earth. Learn how bees and other pollinators interact with flowers to keep our world alive and beautiful. This hands-on class will give participants a close up view of a bee's job. Instructors: Erik Arndt & Joe Fondahn

## Inspired, a Mastermind of Engineering

3rd - 12th

Limit 12

Whether it is a bridge or a box, engineering is at its core. Participants will be given a problem and then challenged to find a solution. Planning, teamwork, and construction are in the cards for this class.

## Modern Flowers

3rd - 12th

Limit 12

Make a beautiful bouquet of Paper Flowers. Flowers are pretty, at least for the first few days and then you have to replace them. Learn to make beautiful paper flowers that will last a lifetime and use them as special decorations for a variety of things.

Instructor: Jodi Guttromson

## What's that in your Garden?

1st- 12th

Limit 12

Let's get creative and plant some eggs and maybe even some hair. How do you plant eggs and hair and get something to grow? Join Becki and the master gardeners for some "hair" raising fun.

Instructors: Becki Green & the WSU Master Gardeners

## Princess for a Day... or Year

1st - 12th Grade

Limit 20

Are you a princess? Then this class is for you. Show off your princess status with the ladies of the Walla Walla Fair Court. Learn how to present and dress with the best, and one day you will be wearing the crown.

Instructor: Walla Walla Fair Royalty

## It's a Bird, It's Plane...

3rd - 12th

Limit 10

Nope, it's just Garret with another foam airplane. Participants will build the best "paper and foam" airplane ever. In fact, they will need to be careful where they fly it or the airport may get confused and think it is real.

Instructor: Garrett Green

# Classes: 1:15 to 2:10 p.m.

**K-9 Detective** Limit 17  
1st - 12th

Dogs doing detective work, how can that be? With a nose that can smell out the smallest crumb, it is no wonder dogs are doing detective work. Come visit with Officer Goodwin and partner Farel to learn how a dog becomes a K-9 Detective.  
Instructor: Officer Goodwin & Farel

**It's SHOCKING!** Limit 10  
1st- 12th

It is shocking when turned loose in nature, but runs the world when its contained. Do you know what it is...Electricity. Participants will learn about basic circuits using solar and battery power and how electricity is one of man's greatest resources.  
Instructors: Cindy Daves

**European Martial Arts: Fencing** Limit 14  
3rd -12th

European Martial Arts may be best associated with King Arthur's Court, but it also has roots in the modern world. Check out this class and learn the basics of lunging, sword position, and where modern day fencing got its roots.  
Instructor: Tom House & Nick Carpenter

**What's that in your Garden?** Limit 12  
1st - 12th

Let's get creative and plant some eggs and maybe even some hair. How do you plant eggs and hair and get something to grow? Join Becki and the master gardeners for some "hair" raising fun.  
Instructors: Becki Green & the WSU Master Gardeners

**Pollinators, like terminator?** Limit 12  
1st - 12th

When most people see a bee they think danger, but bees are one of the coolest insects on earth. Learn how bees and other pollinators interact with flowers to keep our world alive and beautiful. This hands-on class will give participants a close up view of a bee's job.  
Instructors: Erik Arndt & Joe Fondahn
